

ADVISORY NOTICE

19_2026_Delisting of non-IVDR products from portfolio

Dear customer,

We hereby inform you about transition from IVDD to IVDR – Discontinuation of Certain Products.

The European In Vitro Diagnostic Directive (IVDD 98/79/EC) is being replaced by the In Vitro Diagnostic Regulation (IVDR (EU) 2017/746). This transition introduces stricter requirements for placing in vitro diagnostic medical devices on the EU market.

Impact on Our Product Portfolio

Following a comprehensive portfolio review, Erba Lachema s.r.o. wishes to inform you:

- Certain products currently CE marked under IVDD will **not transition** to IVDR.
- These products will be **discontinued** and **production will cease no later than the applicable legal deadlines**:
 - **Class C devices** → latest until **26 May 2026**
 - **Class B devices** → latest until **26 May 2027**
- Please note: These dates represent the **latest legal deadlines**. In practice, **production of the affected IVDD products will stop earlier** as soon as their equivalent products are made available under IVDR.

After the above deadlines, IVDD products may no longer be placed on the EU market with the CE mark.

Continuation of Production under IVDR

- Products successfully transferred to IVDR will continue to be produced and CE marked in compliance with IVDR.
- The transition will be implemented on a **product-by-product basis**, which means that some IVDD versions may be discontinued earlier than the latest legal deadlines as soon as their IVDR counterparts are introduced.

Next Steps for Customers and Partners

We recommend you to:

1. Review your stock and forecast requirements for the affected IVDD products.
2. Place orders accordingly, keeping in mind the earlier possible discontinuation due to IVDR transition.
3. Contact your sale representative to discuss suitable IVDR alternatives.

In case you have any additional question, please do not hesitate to contact us.

Affected Products

Cat. number	Product name	Pack name	IVDR class	Replacement
BLT00002	ALBUMIN	ALB 500	B	BLT00001 ALB 250
